Dear Ms. Adams:

The District is proposing a minor revision to the Major Facility Review Permit for the following facility:

Facility	Facility Name	Application	Permit Engineer	City	County

The purpose of this minor revision is to amend the Title V permit to reflect modifications that were previously approved under the following NSR application:

The purpose of this application was to increase the maximum allowable gas oil throughput at the Unicracker complex by 4,000 barrels per day. The complex is composed of the following sources:

**S307 U240 Unicracking Unit 240**  
**S434 U246 High Pressure Reactor Train**

All proposed revisions are described in the attached Statement of Basis.
